

## **The Ebeid Family Fund Scholarship**

### **About the Scholarship**

It is anticipated that the Russell J. Ebeid Scholarships will be \$4,000 - \$7,500 per student and may be renewable for up to 4 years for students meeting the University's satisfactory academic progress standards for scholarships. The intent of this scholarship is to support underserved students studying STEM who are interested in cooperative education and an opportunity to become successful in their collegiate careers. The scholarship, combined with other financial support, will allow its recipients to gain from the same kind of experiences Mr. Ebeid had as a student.

### **About Russell J. Ebeid**

Russell J. Ebeid was driven by a desire to make a difference in educational opportunities for underserved youth. This passion guided his philanthropy, including his decision to establish the Russell J. Ebeid Scholarship for underserved students pursuing education in college. Although neither of his parents finished high school, they instilled in Mr. Ebeid the value of hard work and strength of character. With their support, Ebeid rose from his working-class roots to become one of four directors of Guardian Industries and the Chairman of the Guardian Glass Group – world leaders in glass, automotive and building products sciences.

ACCESS has served the community for more than 40 years. Founded by a group of dedicated volunteers in 1971 out of a storefront in Dearborn's impoverished south end, today ACCESS is the largest Arab American human services nonprofit in the United States. Through its more than 100 programs, ACCESS works to create a just and equitable society for all, with the full participation of Arab Americans. In 2009, ACCESS founded the Center for Arab American Philanthropy (CAAP), a national community foundation that unites and empowers the Arab American community through strategic and collective giving.

Mr. Ebeid received ACCESS' very first "Making an Impact" award, established to recognize individuals who have made a positive impact by raising awareness of issues affecting their community. He was honored for his philanthropic contributions that serve as an example and role model for others. "I feel good about what I am doing. It takes work to be successful in your giving, but you feel better about giving back. I hope that my experience will inspire others to stand up...and give generously where they can," he said.
